Admissions Committee

Greenfield University
456 University Drive
Cityville, 12345

Dear Members of the Admissions Committee,

I am writing to express my interest in the Master's in Environmental Policy and Management at Greenfield University. With a Bachelor's in Environmental Science from Cityville University and professional experience as a policy intern at EcoPlan Consulting, I am eager to advance my career in environmental policy. My academic background and hands-on experience in regulatory frameworks and community engagement have prepared me to contribute meaningfully to this field.

Greenfield's focus on sustainability and applied research strongly aligns with my career goals. I am especially inspired by the work of Professor Anne Maxwell in sustainable urban development, which perfectly complements my interest in creating impactful policies for community growth.

Thank you for considering my application. I look forward to the possibility of joining Greenfield University.

Sincerely,
Jordan Thompson
